### THE GOVERNOR'S SALARY.

A Bill to Fix It at \$6,000 a Year—Halbert's Free Pass Bill—Legislative Doings.

Representative Pettit introduced a bill in the Legislature yesterday to fix the salary of the Governor. It provides that the Governor shall have a salary of \$6,000, and abolishes the incidental expenses allowed him. He is to pay his own rent, his own gas, coal and other bills.

A bill was introduced providing for an increase of the common school fund, the manner of disbursement, and to regulate the salaries of County Superintendents.

The motion to lay on the table a motion to reconsider the bill increasing the salary of the State Librarian was taken up after the roll call, and the House refused to lay the motion on the table.

Mr. Halbert's anti free pass bill, carrying out the provisions of the new Constitution, was taken up. Mr. Myers had offered a number of amendments, which Speaker Moore kindly ruled out of order. Quite a number of amendments were adopted and the bill finally passed. It was so amended, however, that even the author did not like to vote for it.

The Committee on Claims reported the World's Fair bill to the House with three amendments. It appropriates \$75,000 instead of \$100,000, as agreed on by the Senate, and provides for closing the Kentucky Building on Sunday, and prohibiting the sale of any intoxicating liquors on the grounds.

In the Senate, the resolution to allow the widow of Judge Van B. Young the salary to which he would have been entitled next September, was adopted.

The Wortham bill providing for visiting charitable institutions was passed.

### Here and There.

Miss Maggie Burrows, of Forest avenue, has gone to Park City, Utah.

Miss Alice Wheeler returned yesterday from a visit to Miss Mattie Grinnan, of Paris.

Mr. Jno. M. Hunt, of D. Hunt & Son, started for the East last night to purchase the firm's new spring stock.

Miss Annabel Wheeler left this morning for Cannelton, Ind., to accept a situation as trimmer in a large millinery establishment.

Near Washington, Penn., People Are not slow about taking hold of a new thing, if the article has merit. A few months ago D. Byers, of that place, bought his first stock of Chamberlain's Cough Remedy. He sold it all and ordered more. He says: "It has given the best of satisfaction. I have warranted every bottle, and have not had one to come back." Twenty-five-cent, 50-cent and \$1 bottles for sale by Power & Reynolds.

An Otto gas engine operated by the Harris fuel gas is on exhibition at the works in the West End. It will be there for a day or two, and the people of Maysville and vicinity are invited to call and see it. It is operated entirely with gas, no steam being used.

MR. C. S. MINER, a prominent shoe merchant in Maysville, died Friday morning, at thirty-nine years of age. He was the most judicious advertiser in the State, and his "Maxims" in the BULLETIN were always read with pleasure and profit by the patrons of that paper.—Bourbon News.

MRS. JACOB TRAPP died last evening at 8 o'clock at the home of her father, Mr. Joseph Brenner, on West Front street, after a lingering illness. She was in the forty-second year of her age, and was esteemed by her many friends. Her husband and one son survive. The former has been employed at Pittsburgh for some weeks, and was en route home at the time of her death. The funeral will take place at Mr. Brenner's residence to-morrow afternoon at 2 o'clock. Services by Rev. J. E. Wright.

THE St. Charles Sample Rooms have just received from Chicago, at an expense of \$135, a novel advertising clock. The case is six feet long and made from quartered oak wood of antique pattern. Some of the advertisements are stationary while others are on cylinders that revolve ever five minutes. The clock strikes and the cylinders revolve. There are four advertisements on each one of the three cylinders of the leading business houses of the city. Any one passing should stop in and see this novel clock.

THE Nicholasville Democrat says: "It now appears that the one indictment returned by the grand jury against the Jessamine Fair Company for suffering gaming, embraces fifteen names, or all of the directors, and is equivalent to fifteen separate true bills. The members of the grand jury agreed not to sign a pardon, and now there is a muss about it—some of the jurymen protesting that they thought they were only indicting the corporation in one case, and not the individual members. The foreman states that the matter was thoroughly discussed and the object was to make it as strong as possible that the offence might not be

### HIGH SPEED ELECTRIC CARS.

One Hundred Miles an Hour to Be Attained by Them.

The standard schedule time of all through cars on the proposed Chicago and St. Louis electric railroad will be one hundred miles per hour. The trip from St. Louis to Chicago can, therefore, be made in from two and one-half to three hours. It will be unnecessary to travel at night; therefore no through passenger cars will be run after 9 o'clock p. m., the tracks being reserved at night for high-class freight, express and mail.

The electric car is long, low, compact, light, but strong, having two pairs of driving wheels, each of which are driven by a separate and distinct electric motor. The whole weight of the car, with its passengers and the two electric motors, comes upon these two pairs of driving wheels, and is, therefore, all available for traction or adhesion between the rails and the wheels, through the agency of which the car is propelled. The top of the car stands only nine feet from the rail, which is three feet lower than the ordinary street-car. This brings the center of gravity very low and near to the track which decreases immensely the danger of jumping the track. It has a wedge-shaped nose or front for cutting the air, which has the effect of decreasing the air resistance (a most important factor in high-speed locomotion) and of helping to keep the car down upon the track. The motor man stands immediately back of the wedge-shaped front, and between his department and the rear wheels is the compartment for the accommodation of passengers. In the rear of this is a separate compartment for mail and high-class express.

The driving wheels are six feet in diameter and are capable of making 500 revolutions in one minute.

The weight of the entire car with its motor is but ten tons.—Electrical World.

### Tourists.

Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headache and other forms of sickness. For sale in 50c. and \$1 bottles by all leading druggists.

ROYAL DORA, aged six years, son of Mr. and Mrs. M. O. Dora, died last night at the home of his parents at the corner of Grant and Limestone streets, of some disease of the brain. The funeral will take place Thursday afternoon at 2 o'clock at the residence. Burial in the Maysville cemetery.

MR. A. M. CAMPBELL, as agent for Mr. John N. Thomas, sold yesterday to Mr. R. B. Lovel the two-story brick residence on north side of Third street, just west of Market, for \$5,000. As agent for Mr. John Dinger Mr. Campbell also sold a two-story brick residence on west side of Short street to Deputy Marshal Mangan for \$1,000.

HAVING closed out their stoves and tinware, W. L. Thomas & Bro. have moved their stock of queensware and glassware into the store room on Court street immediately at the rear of the old store. They are offering these goods at prices never before offered, and are anxious to close them out as soon as possible. Parties owing the firm will confer a favor by calling and settling their accounts. dtf

PROFESSOR STERLING, who will conduct the organ recital at the Central Presbyterian Church Tuesday evening the 29th, is regarded as among the greatest masters of that instrument, and Miss Gertrude Thomas, vocalist, who will take part, possesses a soprano voice of rare power and sweetness. She is a cultivated musician and a lady. They are connected with the Cincinnati College of Music.

MARRIED, Wednesday, March 9, Mr. W. A. Landgraf and Miss Laura E. Kitchen. The ceremony was performed by Rev. C. W. Freeman. The groom is a prosperous young tailor connected with the J. J. Foody Company. The bride is the daughter of Mr. and Mrs. Charles Kitchen, of the Commercial Hotel, and is one of Mt. Carmel's prettiest girls. The happy couple have commenced housekeeping on Pearl street.—Mt. Carmel (Ill.) Register.

THE weighing of the mail handled by the C. and O. and the K. C. roads at this place, begun a month ago, ended last night. The amount handled by the C. and O. since last report was as follows:

March 18.....	914 pounds
March 19.....	1,131 pounds
March 20.....	1,233 pounds
March 21.....	993 pounds
